Applicant's election of Group I in the reply filed on 3/19/2008 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 5-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The preamble of claim 6 is confusing due to claim language redundancy. It is suggested that applicant amend claim 6 as follows: at line 1 of claim 6 after "roller coating device" delete " in which said coating feed roller defined in claim 5 is" and insert -- of claim 5 wherein --; Claim 8 is confusing due to claim language redundancy since it claim dependency on claim 5 or claim 6 yet all features of claim 6 are set forth at lines 7-18 of the claim. It is suggested that applicant amend claim 8 as follows: at line 19 of claim 8 after "said curved-surface operable roller coating device" delete "defined by claims 5 or 6". Claim 9 is confusing since it claims that it includes the curved-surface operable roller coating device defined by claims 5 or 6 yet claims 5 and 6 require that feeding pipes feed the interior of the coating pressure feed roller from both ends yet claim 9 at lines 10-12 recite that the feeding pipes connected to one end of the axial center hole of the solid cylindrical body of the coating pressure feed roller. Claims 8-9 are confusing since it unclear what the automated coating apparatus is comprised of. It

is suggested that applicant amend claims 8-9 as follows: at line 1 of claims 8-9 after "automated coating apparatus" delete "having" and insert – comprising: --. The term "said arm" at line 7 of claim 5 before "is" lacks proper antecedent basis. It is suggested that applicant amend claim 5 as follows: at line 7 of claims 5 before "is" insert – arm --.

Claims 5-15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
